

ADMINISTRATOR'S REPORT
8-3-09 through 9-7-09

Waste Water Treatment Plant

- This has been a very uneventful august for the sewer plant. Besides the few days of heavy rain mid month the flows have been very low.
- Normal maintenance continues are the plant.
- Some of the computer questions are being addressed by Sprig Electric. This Company continues to work through the problems at the plant, even after over 2 years of operation.

Water System and Water Plant

- The same is also true with the water plant. Except for some minor issues with the detention tank level systems, the plant has been working very well.
- The roof on the lower level of the process building continues to leak badly. I have asked Yoder Construction to give me a price to replace the lower roof. All of the stop gap measures have failed to stop the water and it continues to do damage inside the building.

Other issues and complaints

- None at this time

Sanitary Sewer Collection System

- The systems have been clear during this period. We have been cleaning trouble spots in town as usual.
- The stimulus dollars are very much in the works. The application has been submitted to DEFA and we should be out for bid next month.

Street and Storm Sewer

- Street lights are being reported to Ohio Edison as they are found or reported to the office.
- The Grant Agreement for Issue 1 dollars for Home Road has been received. A resolution to go out for bid is in your packet for approval so we can advertise and bid in September. We will need to appropriate the matching funds for the Home Road project. Our match is \$24,200. We received a Grant for \$96,800.

Recreation / Pool

- The pool has had a good season, Deanna has done a very good job. I have received very positive comments.

Office

- Nothing to report at this time

TEP Grant (Public Square revitalization)

- The additional \$1800 was sent to ODOT Central office and I received confirmation that the funds were received. Still not sure when the start date is for the contractor. A preconstruction meeting is to be scheduled by ODOT.

Development

- Discount Drug Mart is now open and a Grand Opening is planned. Council, Mayor, Clerk and all employees will be invited.

Web Site (www.mountgilead.net)

- **(Follow Up)** Please continue to either send information to me for the site or e mail information to Dave, to be placed on the web site.
- **(Follow Up)** All of the year end reports are now on line for the public. I would like Council's feed back if any from the public.

Please be sure to e mail me a copy of your minutes of the committee meetings. These meeting minutes are an important part of our history and documentation for records. I would prefer that they be sent to me in an e mail so they can be converted to a PDF file for storage.

Please feel free to e mail Dave Goosens at dgoosens@wrgs.com , with any calendar items.
